**REMARKS** 

It should be noted that the amendments to original claims 1-28 of the present

application are non-narrowing amendments, made solely to place the claims in proper

form for U.S. practice and not to overcome any prior art or for any other statutory

considerations. For example, amendments have been made to broaden the claims;

remove reference numerals in the claims; remove the European phrase "characterized in

that"; remove multiple dependencies in the claims; and to place claims in a more

recognizable U.S. form, including the use of the transitional phrase "comprising" as well

as the phrase "wherein". Again, all amendments are non-narrowing and have been made

solely to place the claims in proper form for U.S. practice and not to overcome any prior

art or for any other statutory considerations.
